

REMARKS

Support For Prior Amendments

On page 2 of the Office Action mailed May 29, 2008, the Examiner requests Applicants to “indicate support” for limitations added to claims 1, 21, 41, and 53 in the previous Amendment of March 3, 2008. Accordingly, Applicants provide the following specific citations to their Specification with reference to the amendments of independent claim 1. The amendments to claims 21, 41, and 53 are substantially similar to the amendments to claim 1, and therefore the following citations apply equally to claims 21, 41, and 53.

Support for the limitations regarding “multiple remote intercommunicating computers,” may be found on page 15, lines 5-8. Support for the limitations regarding “said imaging device being physically remote from said computer” may be found on page 15, lines 17-19. Support for the limitations regarding an ancillary data flow from said data source “directly” to said imaging device may be found on page 10, lines 19-26, and on page 12, lines 6-10.

Support for the limitations regarding a system user interactively “and manually” utilizing said imaging device to “manually trigger” a download may be found on page 15, lines 29-32, and on page 12, lines 28-32. Support for the limitations regarding “remotely” viewing, manipulating, and selecting may be found on page 15 lines 6-8, and on page 15, lines 22-32. Support for the limitations regarding integrating image data and at least one ancillary data file “into a single image” may be found on page 16, lines 23-31.

Summary

Applicants submit that the foregoing remarks satisfy the Examiner's request for supporting citations for prior amendments. Applicants request the Examiner to reconsider and allow claims 1-59 so that the present Application may issue in a timely manner. If there are any questions concerning this amendment, the Examiner is invited to contact the Applicants' undersigned representative at the number provided below.

Respectfully submitted,
